# An Opus to Bathing in Luxury and Wellness

## OPUS 6434

BainUltra is proud to present Opus, a solid surface bath collection made with FineStone®.

An "opus" is a creative work, the result of a composition based on careful thought, inspiration and a desire to bring the skillful spirit of the artist forward... Which is what inspired the creation of the Opus bathtub.

## A symphony of lines and curves

All details, lines, and curves drawn by our designers and craftspeople are like strokes of a pen, or notes in a symphony blending harmoniously together in the final masterpiece.
