|                           |                                                                                                                                                                                                                                                                                                  |
|---------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Hot water supply required | The hot water supply should be 70% or more of the bath's total water capacity.                                                                                                                                                                                                                   |
| Turbine                   | Access to the pump must be at least 18" x 22". Standard connection is 20 A, 120 V, 60 Hz, dedicated line with a Ground-Fault Circuit Interrupter (GFCI). For any additional option, a second line is needed 15 A, 120 V, 60 Hz, dedicated line with a GFCI. Air vent necessary: 2" x 4" minimum. |
| Others                    | The Geysair® is located on the same side as the heated backrest. It must not be relocated. It must be connected to the hot water supply and be accessible (provide access).                                                                                                                      |
|                           | Optional Tile Flange (specify right or left). The water level will vary when an AromaFlow or an Integrated drain & overflow is installed.                                                                                                                                                        |

Our products must be installed by certified professionals only and according to our Owner's Manual as well as federal, provincial/state and local building codes and regulations ([www.bainultra.com/dealers/dealer-documentation-and-catalog](http://www.bainultra.com/dealers/dealer-documentation-and-catalog)).
